COMPANY

PROFILE - 2024

ABOUT US

SEAIR-Trade (Pvt.) Ltd. is a prominent trading company, dedicated to providing outstanding customer service and pioneering solutions since our inception in 2020. As a sister company to MA Jinnah Trading LLC, we proudly continue a tradition of excellence and reliability in the provision of industrial solutions, specializing in sectors such as Food, Dairy, Beverage, General Process Industry, and more.

Building upon our legacy, SEAIR-Trade (Pvt.) Ltd. remains committed to delivering unparalleled quality and innovation to meet the evolving needs of our clients. With a focus on customer satisfaction and a deep understanding of industry dynamics, we strive to be the preferred partner for businesses seeking reliable and efficient industrial solutions in Pakistan and beyond.

OUR MISSION

Our mission is to provide comprehensive one-window solutions to meet the diverse needs of our clients across various industries. We specialize in general trading and represent a wide range of international manufacturers, ensuring access to high-quality products and services for our valued customers.

OUR VISION

We envision SEAIR-Trade Pvt. Ltd. as the premier choice for businesses seeking reliable and efficient industrial solutions in Pakistan. Through our commitment to quality, reliability, and exceptional customer service, we strive to exceed the expectations of our clients and contribute positively to their success.

PRODUCT PORTFOLIO

We are authorized distributors and channel partners of following Principal's.

BARDIANI VALVOLE S.p.A. is an important Italian business with headquarters in Forno Taro which designs, produces and markets (in Italy and over 80 different countries around the world) valves with applications in dairy, food & beverage, pharmaceutical and cosmetic processing plants. This combination of technology, customization and customer care makes Bardiani Valvole a unique supplier in terms of flexibility in production and an ability to meet customer requests.

CSF Inox S.p.A., established in 1970 in Montecchio Emilia, a small town in northern Italy, is today a leading company in both Italy and Europe in the production of pumps primarily designed for the food & beverage, dairy, chemical and pharmaceutical industries. The company, synonymous with quality and high specialisation offers the international market an extremely full range of products to meet the needs of numerous applications in these sectors. In fact, CSF Inox offers a series of centrifugal, self-priming, progressive cavity, twin screw, sinusoidal rotor and pneumatic pumps.

MBS S.r.l. designs and builds tube bundle and scraped surface heat exchanger. It was founded in Parma, Italy in 1995 by a team of entrepreneurs and design engineers with over thirty years' experience. MBS is a leading supplier of heat exchanger, their team of experts can provide total technical and commercial support in the heat treatment of foods, chemicals and pharmaceuticals. Application of the 'lean production' method, use of top quality raw materials and special materials together with years of experience and professionalism in this specific sector, guarantee a high level of quality.

Tassalini S.p.A has been operating in the field of mechanical production for almost 100 years and for more than 50 years has been manufacturing technologically advanced valves and fittings of its exclusive design and manufacture for the agri-food, wine, beverage, chemical and pharmaceutical industries. The range of items produced by Tassalini is manufactured according to the main international standards (DIN, SMS, RJT BS, ISS IDF, Gas, Eno, Macon and Clamp) and includes fittings; reductions; tee; curves; filters and mirrors; taps; adjustment, safety and check valves; butterfly valves of different types, with manual and pneumatic control, arranged for the insertion of electrical components; ball valves; pneumatic, 3-A and drainage valves; diaphragm valves.

SONDEX®

A quality heat exchanger brand of Danfoss

Sondex A/S was founded in 1984 as a company aiming to provide customers with plate heat exchanger solutions that are tailored to their individual needs. With many sales and production subsidiaries across the world, Sondex became a leading manufacturer of plate heat exchangers while remaining close to our markets with local sales and service teams.

After Market Spare Parts

We specialize in providing after-market spare parts for renowned manufacturers, ensuring optimal performance and longevity for your equipment. Our offerings include service kits and spares for various components from industry-leading brands such as Alfa Laval and SPX Flow, GEA, Tetra Pak, etc.

Service kits tailored for Butterfly Valves, Diverting Valves, Single & Double Seat Valves, Plate Heat Exchanger Gaskets, as well as Centrifugal & Rotary Lobe Pumps.

BTSR Sensors (Italy)

Used in:

- Socks knitting Machines
- SSM, FADIS & CORGHI's Soft Winding Machines, Rewinding Machines, Muff & Air Covering Machines.

Constant Tension Feeder Sensors

Hyper Feeder

Matrix Feeder

Multi Feeder

Rolling Feeder

Rolling MED

Ultra Feeder

Winding Feeder

Yarn Break Sensors

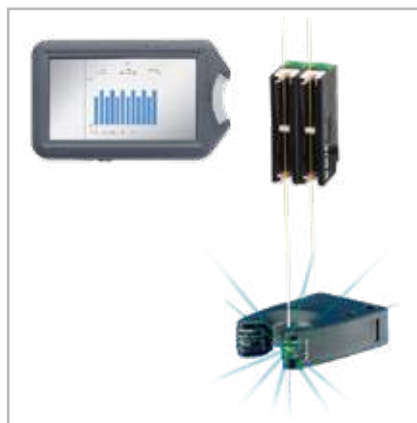

IS3F

IS3W

IS4F2

Matrix Touch Wrap & IS3F2

Smart Matrix IS4F

Smart Matrix 64H

Yarn Quality Control Systems

Iridium 3D

Matrix Clearer

Matrix IS3F MTC

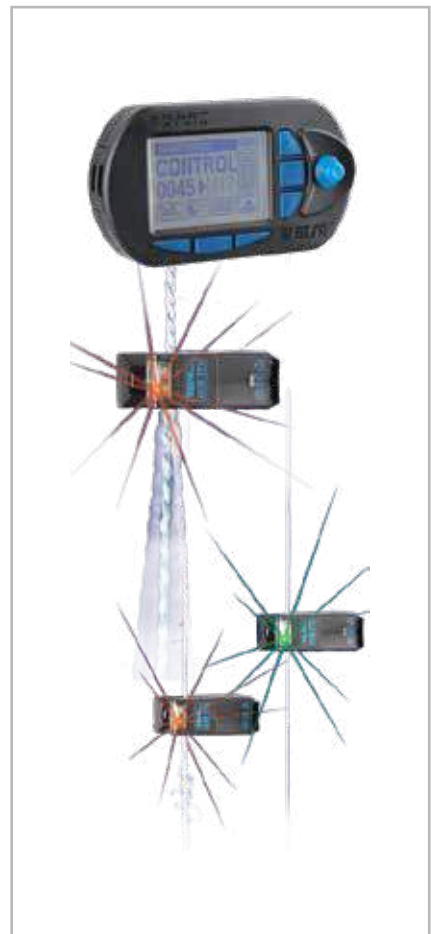

Matrix Touch TEX

Smart 200 TSS

TMS

Matrix Twist

Our Product Line

- 1 All Types of Electro-Mechanical Parts (Direct sourced OEMs)
- 2 Dyeing Machines Parts
- 3 RF Parts (Capacitors & Diodes)
- 4 SETEX Controllers Germany
- 5 Pneumatic/Manual Valves
- 6 Solenoid Valves
- 7 Inverters & Breakers (Eaton Muller)
- 8 Pressure Transmitters (Wika, Noding etc)
- 9 Sensors (Pressure & Temperature)
- 10 SS & Beryllium Insulation Door Strips (Imported/local)
- 11 Pneumatic cylinders
- 12 Grocery Items
- 13 Food Graded Equipment
- 14 Cooling Fan Motors
- 15 Air Filters
- 16 Gaskets of Heat Exchangers (Alfa Laval, GEA, Tetra Pak etc)
- 17 Safety Pressure Vessels
- 18 Flow Meters
- 19 Wax & Tension Motors
- 20 Electronics Repairing
